

Energize Your Students With a Spectacular

ASSEMBLY!

Mad Science® Assemblies are:

Fun
Mad Science is
the premiere provider
of fun science
for children!

Amazing

Demonstrations of spectacular chemical reactions, cinematic special effects, fantastic forces, bubbling potions, and more!

Highly Interactive

Volunteers are used throughout every show and some may even get to float across the stage on a Mad Science Hovercraft!

Educational

You'll be amazed how much your students will learn. Pre and post activity guides with lesson extensions are included.

Age-Appropriate

All shows are suitable for children in Kindergarten through Grade 6, and are customized for each group.
